

## Triton College to Host Scholarship Fair

Triton College Hosts Future Focus College Fair Sept. 23.

Triton College and area high schools will co-sponsor the 33rd annual Future Focus college fair from 6:30-8:30 p.m., Thursday, Sept. 23, in the Robert M. Collins Center on the east side of Triton's campus, 2000 Fifth Ave., River Grove.

The free fair enables interested individuals to speak with representatives from more than 150 four-year colleges and universities from across the country about admission procedures, program offerings, tuition expenses and financial aid. Participants also can attend financial aid mini-sessions or speak with representatives from local banks.

"Future Focus is an excellent opportunity for students and their parents to learn about and meet with representatives from many different colleges in one location," said Triton Dean of Enrollment Services Mary-Rita Moore.

More than 4,000 people have attended each Future Focus, and Triton encourages community members with questions about college to stop by this year's fair.

Free trolley shuttle service will be provided from Triton's parking lots to the Robert M. Collins Center.

For more information on Future Focus, call (708) 456-0300, Ext. 3130.
